# Permo® TR plus

## Transparent multi-functional tape with a reinforcement mesh

### Related products

- Any Klober underlay
- Wallint® or Wallint® solar vapour control layers/air barriers
- Permo® extreme RS SK²
- Pipe sealing collar

Permo® TR plus is an essential product for reducing energy loss through the roof. It is a multifunctional adhesive tape, ideal for creating airtight seals between laps in underlays or vapour control layers/air barriers, repairing holes in underlays/vcls and sealing around pipe sealing collars.

## Product features & benefits

- Single-sided transparent tape
- Includes a reinforcement mesh for strength
- Multi-functional tape, used for joining, repairing and creating airtight seals
- Ideal for use with Wallint® solar since it maintains its low emissivity properties
- Extremely durable

## Area of application

Suitable for:

- Repairing holes/tears in underlays or vapour control layers/ air harriers
- Sealing laps between underlays or vapour control layers/air barriers
- Creating a seal around sealing collars
- Around roof penetrations
- Butt joints
- Timber frame: planed/finished or stained
- Synthetic materials: paper, fleece or similar, PE, PP or hard PVC
- Other surfaces: metal, glass, PUR-foam/styrofoam
- Use both internally & externally
- All pitches of roof

## Material

Acrylic adhesive with PE release paper

#### Product codes

KU 0121-1 (25m x 60mm wide)

## Packaging/Weight

10 rolls per carton/3.8kg

## TECHNICAL DATA

| Adhesive                 | Acrylic  |
|--------------------------|--|
| Solvent                  | None   |
| Installation temperature | >+5°C  |
| Temperature stability    | -40 to +100°C  |
| UV resistance            | 3 months   |
| Resistance to ageing     | Acrylic adhesive does not dry out or become brittle.<br>It remains permanently elastic & adhesive. |
| Shelf life               | 12 months at ≤30°C   |
| Thickness                | 0.3mm  |
